Summary

Motivated and detail-oriented Java Developer with hands-on experience in Core Java, JDBC, MySQL, and Data Structures & Algorithms. Skilled in building efficient applications and user-friendly websites using HTML, CSS, and Tailwind CSS. Completed multiple internships as a Java Developer and contributed to projects involving database management and full-stack development. Strong problem-solving abilities with a solid academic foundation, including MCA and BSc.IT, and a passion for delivering scalable, high-quality solutions.

Experience

EliteTech Intern   March 2025-June 2025
Java Developer Intern   Bhopal

* Developed a Weather Application using Java to fetch and display real-time weather data, enhancing

skills in API integration and user interface design.

* Created a File Handling Utility Tool in Java to automate file reading, writing, and organization tasks,

improving understanding of I/O streams and file management

Internship Studio   April 2025-July 2025
Software Engineer Intern   Bhopal

* Built a Pizza Mania Application using Java with features like dynamic menu display, order processing,

billing, and user interaction through a console-based interface.

* Strengthened object-oriented programming (OOP) concepts and practical Java skills through

structured project work.

Education

Laxami Narian College of Technology   September 2024-August 2026
Master's of Computer Application   Full Time
7.8

Marwari College,Bhagalpur   August 2021-July 2024
Bsc.Information Technology   Full Time
7.2

Projects

Weather Application
Desktop Base Application Base of Java with API Technology
⊘ https://github.com/Ashutosh-JavaDev/WheatherApplication/tree/main/Project

*Developed a Weather Application using Java Swing for GUI development.

* Integrated OpenWeatherMap API to fetch real-time weather data.

Java, Java Swing, API

Bank Management System
Java Base Bank Management System
⊘ https://github.com/Ashutosh-JavaDev/JavaSwingProject

* Designed and developed a real-time chatting application using Java Swing for the graphical

user interface.

* Implemented WebSocket technology to establish full-duplex communication between client and

server for real-time message exchange.

Java, Java Swing, JDBC, API

File Management System
File Mangement Software to handle the file from the device
⊘ https://github.com/Ashutosh-JavaDev/ELiteInternship/tree/main/Project

* Designed and developed a Java-based desktop File Handler Utility using Java Swing.

* Utilized Java I/O (File, FileReader, FileWriter, Bu eredReader, etc.) for every operations.

Java Swing, APIS, Database

Skills

Programming Language
● ● ● ● ○
C, Core Java, Java Swing, JDBC

Libraries/Frameworks:
● ● ● ○ ○
Hibernate, SpringBoot, Tailwind CSS, BootStrap

Tools / Platforms:
● ● ● ● ○
Git, VS Code

Databases:
● ● ● ○ ○
MySQL

Certifications

Diploma in Information Technology   April 2024
Argus Acedemy
